INTENT & PURPOSE

It is the intent of this chapter (Wauconda Municipal Code Chapter 117) to provide an effective means for the Village to regulate contractors who operate within the Village, to ensure that they are insured, to monitor basic compliance with federal, state and local laws regulating their operation and to require a certain standard of conduct for the protection of property owners. This chapter is not intended as a recommendation or to guarantee workmanship of the contractors who are licensed by the State of Illinois or registered with the Village of Wauconda.

CONTRACTOR DEFINED

"**Contractor**" means any person, firm, company, corporation or other entity that, for a consideration, undertakes or offers to undertake or purports to have the capacity to undertake, or submits a bid to, or does himself or by or through employees or agents, construct, alter, repair, add to, subtract from, improve, move, wreck or demolish the whole or any part of a building or structure, or any of the appurtenances thereto, sidewalk, street or pavement or excavate for which a building or site development permit is required by Village ordinance. A person is a contractor for purposes of this chapter whether that person was hired by the owner or agent of the owner of the property on which the work was performed or by another contractor.

An **owner of property** performing work on such property that is occupied by the owner shall not be considered a contractor for purposes of this chapter; however, any person hired by such owner to perform work on such property shall be considered a contractor.

Roofing, plumbing and sprinkler contractors need to submit a copy of their State of Illinois License. Each fee is valid for the time allotted from January 1st through December 31st. Fees may be prorated during the course of the year by months remaining, no partial months, for example, payment of fee in April shall be 12 months minus 3 months equals 9 months or 75% of monthly fee.

The provision of any other information or documentation required by the Community Development Director at his/her discretion.

The certificate of registration shall be valid for a period of not less than one-year to a maximum of three-years from the date of issuance.

CONTRACTOR'S INSURANCE

During the term of the registration, contractors shall maintain sufficient insurance to protect the interests of the property owner and the community during the performance of any work undertaken in the Village. All insurance must be placed with financially responsible companies that are authorized under the insurance laws of Illinois and to do business in the State of Illinois. Minimum coverage shall include the following types of insurance in the following amounts:

1. **Worker's compensation and employee's liability:** Not less than one hundred thousand dollars (\$100,000.00) per person;
2. **Comprehensive public liability:** Not less than two hundred fifty thousand dollars (\$250,000.00) for injuries, including accidental death to any person, and subject to the same limits for each person, in an amount of any one accident; and

REVOCAION OF CERTIFICATE OF REGISTRATION

The commission or omission of any of the following acts shall, in addition to the violation of any applicable section of this chapter, Village ordinance or state law, constitute grounds for the suspension or revocation of a contractor's registration:

1. Performance of work without providing the permit holder a sworn contractor's statement.
2. Acceptance of final payment without issuance of waivers of lien to the permit holder.
3. Bankruptcy, transfer for the benefit of creditors or similar occurrence.
4. Abandonment of the work after payment is received and before the work is completed.

5. Allowing insurance policies listed in registration application to lapse or be cancelled without replacement of equal or greater coverage by other policies.
6. Performance of any work in the Village for which a building permit(s) is required without first having obtained said building permit(s) or continuing to work after the building permit(s) has/have expired.
7. Performance of any work without insurance in place meeting the minimum requirements of this chapter.
8. Allowing and suffering any unlicensed contractor to perform work under your registration.

Note: The Village shall not be liable for any financial loss incurred by any permit holder whose building permit(s) has/have been revoked or suspended in accordance with the terms of this chapter.

If the Community Development Director believes that grounds listed in above exist for revocation, he / she shall give notice in writing to the contractor stating the nature and details of the violation and stating that the contractor has ten (10) days from the date that notice is served to correct the violations or to show cause to the Community Development Director in writing or in person why there is no violation. If, after notice has been served and the contractor has had the opportunity to correct the violation or show cause why no violation occurred, the Community Development Director determines that a violation exists, the Community Development Director may recommend revocation of the contractor's certificate of registration to the Village Board of Trustees.

Notice of violation and pending revocation shall be given and considered served as follows:

1. By certified mail, return receipt requested, on the date that the receipt is signed or rejected;
2. By personal delivery, on the date on which the notice is delivered; or
3. By posting a copy of the notice in a conspicuous place on the site on which the contractor is working, on the date on which the notice is posted.

If a contractor opts to show cause why there is not a violation, the Community Development Director shall make a determination and recommendation in writing and serve it on the contractor and the Village Board of Trustees with a statement indicating the right to make an additional submittal of information and position statement to the board in writing within ten (10) business days.

The Village Board of Trustees shall consider the recommendation of the Community Development Director and any written submittal by the contractor and determine whether a violation exists, whether the certificate of registration should be revoked and the duration of the revocation period at a regular board meeting. The board's determination shall be final.

Insofar as they may be applicable to the administration of this chapter, the Director of Community Development is authorized and directed to promulgate rules and regulations reasonably required to administer the registration program hereby created.

ENFORCEMENT

Any contractor performing work in the Village in violation of the provisions of this chapter shall be subject to the minimum and maximum fines prescribed in this code.

Each day that a violation exists or continues shall be considered a separate violation.

In addition to any fines imposed, the Village may seek to enjoin the contractor from present or future violation of this chapter. This remedy shall not be exclusive to other legal remedies available to the Village.
