

2023 Street Improvement Project

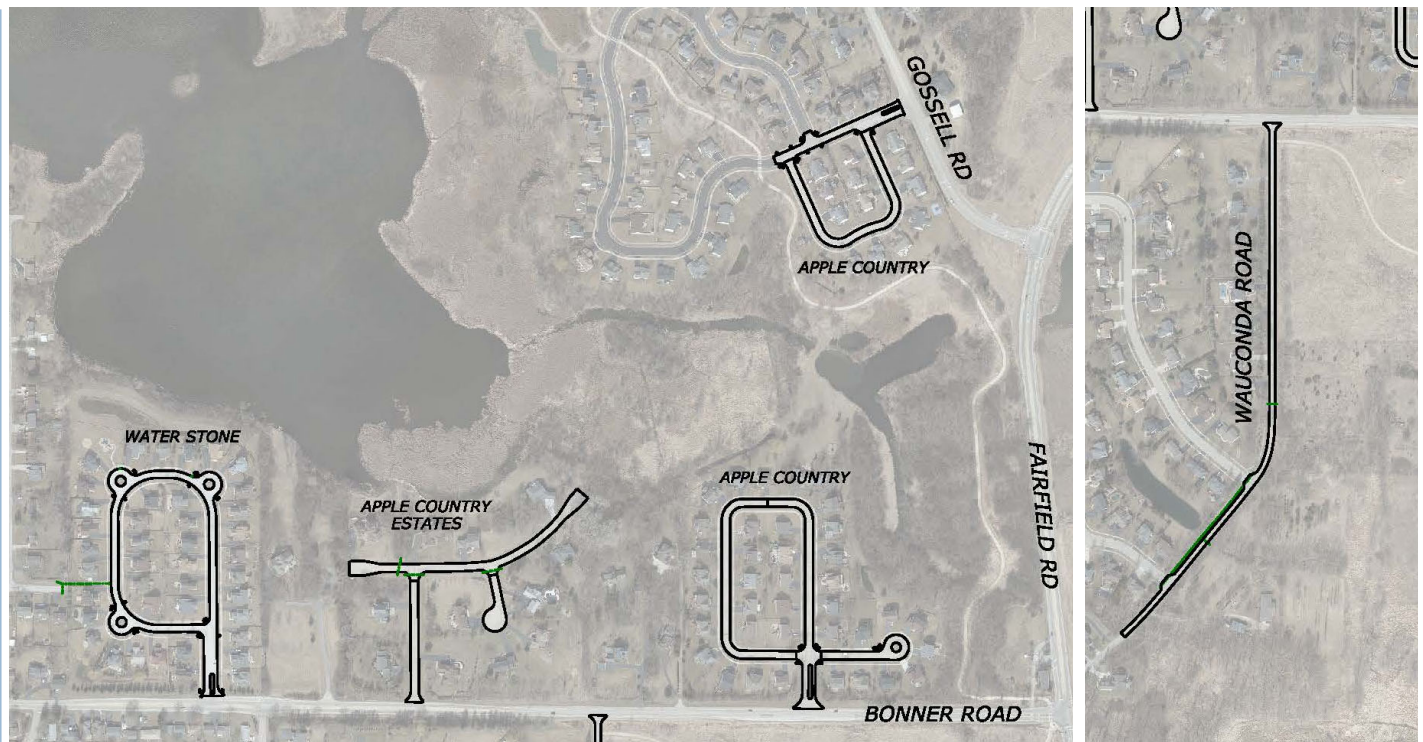

Issue Date: June 20, 2023

PROJECT DESCRIPTION: The Village of Wauconda 2023 Street Improvement Project (North) is getting underway with construction starting after the 4th of July holiday. The project consists of storm sewer repairs, curb & sidewalk replacement, asphalt milling and placement of varying depths of new asphalt. The project scope consists of Wauconda Road, Water Stone Subdivision, Apple Ridge Estates, Apple Country Subdivision, Karl Court & Dato Lane. See schedule below for updates as each phase of the project progresses. The Village and HMG Engineers, Inc. will provide weekly updates as they become available to provide the residents and business owners of Wauconda the most up-to-date information.

RESIDENTIAL AREAS

Future updates found at: www.wauconda-il.gov/ConstructionUpdates

PRELIMINARY Anticipated Construction Schedule (Week Starting)

7/10	7/17	7/24	7/31	8/7	8/14	8/21
Storm Sewer		Concrete Curb & Sidewalk		Milling & Paving Prep	Paving & Restoration	

WHAT TO EXPECT: Storm sewer repairs are scheduled to start after the 4th of July Holiday with locations shown in Green. Curb and sidewalk repairs will follow in the Water Stone and Apple Country Subdivisions before milling and paving operations commence. The schedule provided is PRELIMINARY and updates will be provided as the project gets closer to its start date.

2023 Street Improvement Project

Karl Court

WHAT TO EXPECT:

The work involved on Karl Court includes curb replacement, road widening of Karl Court at Bonner Road, base patching, milling and asphalt installation. There is a considerable amount of curb replacement necessary on Karl Court. The Resident/Business Project Representative from HMG Engineers, Inc. will be working with each business to find a feasible parking solution as we improve the corridor.

Dato Lane

WHAT TO EXPECT:

The work involved on Dato Lane includes curb replacement, base patching, milling and asphalt installation.

A schedule will be provided for updates as each phase of the project progresses. The Village and HMG Engineers, Inc. will provide updates as they become available to provide the residents and business owners of Wauconda the most up-to-date information.
